

# TRIBU

**TRIBÙ**

Our dream has always been to inspire people with our furniture. To offer that little something extra that elevates design from the ordinary to the extraordinary. We value the time we spend together as a family and the special atmosphere that good design, with every detail in harmony, helps to create.

Today Tribù is one of the oldest fully family-owned manufacturers of high-end outdoor furniture in the world. Our independence gives us the freedom to pursue our own strategy. As innovators, it is our passion to develop beautiful and timeless outdoor furniture that meet demanding standards, creating places to relax and leave the daily stress behind.

We hope to inspire you with this catalogue and our furniture. Love it, live it, share it!

AMANU

The refined Amanu collection brings interior quality outside, combining comfort and sustainability in a design that exudes simplicity and purity. The chairs feature woven, hemp-based Canax® sling seats that seem to float from a slimline-teak frame whose slightly tapered legs provide elegance and grace. The broad, ceramic table top tiles are supported by a discreet, yet sturdy teak frame, creating a remarkable lightness. The rounded edges of both the teak profiles and the outer ceramic tiles, convey a soft and harmonious look.

# NODI

Light and airy, the Nodi collection's form and silhouette are characterized by twisted, interlaced rope in weather resistant Canax®, stretched across a precise geometric wireframe. Pared back, refined proportions and a minimalist approach to materiality lend a casual lightness to the collection. The slim profile of the chair's arm is angled slightly inward in a welcoming gesture while the extra-soft cushions of the modular Nodi sofa are simply made for laid-back lounging.

SENJA

Curl up and relax on the Senja sofa. Combine a one-, two- or three-seater module with high or low arms and keep everything you need to hand with an integrated table, console or side table. Complementing the sofa, the Senja lounge offers pure comfort, with soft, voluminous cushions and an optional full-length teak side table. The light design of the Senja chairs, combined with the rhythm of the tightly stretched weave in hemp based Canax® creates a perfect symbiosis between aesthetics and functionality.

# ELIO

Elio, referring to the Greek sun god Helios, is inspired by the motion of light, reflecting and refracting on landscapes and objects throughout the day. The rich gradient effect in the seat and backrest, achieved by weaving multiple colours of yarn into one strand, mimics the gentle touch of light. Elio is characterized by a softly rounded silhouette that draws inwards to create a warm, intimate shelter.

TAO

The elegant Tao table collection is a lesson in perfectly balanced contrasts – bold sculptural pedestals and slim table tops that are pleasing to the touch. The use of refined lightened concrete gives the tables a look of elegant solidity. The Tao tables come in natural linen and warm wengé, tones to create striking centrepieces for any setting.

## VIS À VIS

The starting point for the Vis à Vis collection were the loungers created by Cazzaniga, whose aim was to encourage communication in a relaxed atmosphere. The integrated table is designed in a way that two loungers fit into each other and thanks to the flexible bed base, they can be arranged so you lie face to face or alongside each other. The square slats of the side table are repeated in the table top of the dining table and the floating platforms of the modular sofa system, whose comfortable cushions are held in place with invisible supports. Side tables and borders can be added to personalise the look.

## REGISTA

Regista is a sophisticated reinvention of a design icon. The perfectly balanced director's chair combines high-tech materials and meticulous attention to detail. The lattice back has the natural look and tactile appeal of rope. It is handwoven using an innovative weather-resistant fibre, also used to cover the armrests. The legs are slim and elegant, yet very durable and strong.

TOSCA

Tosca is the perfect mix of innovation and beauty, a collection as inviting to curl up in as it is intriguing to look at. The giant weave in hi-tech 'knitting', soft to the touch and completely weather-resistant, is complimented by slim legs in powdercoated stainless steel. The soft, tonal contrasts between weave and frame adds to the discreet luxury.

## KOS / PURE SOFA

The Kos and Pure Sofa collection share the warmth of smooth Javanese plantation teak and a clean, simple design. The gentle curve of the Kos chairs and their deep seats provide an excellent seating comfort. The finely balanced proportions of the Pure Sofa are offset by soft, deep sofa cushions, which come in two designs and an array of luxury outdoor fabrics. The five modular elements can be combined as desired to create welcoming seating areas.

## FABRICS

Taking nature's palette as inspiration, Tribù's fabric collection consists of a wide range of weatherproof fabrics. The colours of the seasons, cool green leaves, sun-baked earth and glowing skies are captured in subtle, harmonising shades. Tactile, richly textured fabrics such as Rustic Weave add depth and contrast when paired with fine linen-look fabrics in natural tones. Our innovative use of high-performance synthetic fibres allows us to create fabrics that resist outdoor conditions, but nonetheless are superior in touch, feel and look.

CHAIRS

DINING

Light and airy, the Nodi chair's form and silhouette are characterized by twisted-interlaced rope in weather resistant Canax®, stretched across a precise geometric wireframe. Pared back, refined proportions and a minimalist approach to materiality lend a casual lightness to the collection. The slim profile of the arm is angled slightly inward in a welcoming gesture.

The deep cushion of the Nomad lounge chair is stitched to cocoon the body, folding over the armrests and moulding into the broad curve of the backrest. Designer Monica Armani used what she calls 'noble teak wood' for its warmth, smoothness and strength. Slender legs and contoured armrests give the chair its elegant profile and the smartly stitched cushion is as luxurious as it is comfortable. Nomad, like its name, works well wherever it is placed, in combination or as a stand-alone piece.

Pure Sofa reduces design to the essence, devoid of all excess: pure simplicity and elegance. This modular outdoor sofa consists of five elements that combine easily into a corner sofa, a long couch or a lounge bed. Tribù uses only the very best plantation wood from East-Java. Every log is handpicked during the cutting process of the tree. Cushions are available in 2 different designs.

The modular Nodi sofa has a strong personality, yet it sits easily in an outdoor space without dominating it. The frame has an airiness and architectural appeal thanks to its curve, grace and open weaving. The extra-soft cushion filling makes Nodi one of the most comfortable outdoor sofas, as well as one of the most flexible. With three seating elements, four seat depths and 2 types of back cushions you can create your own personal sofa.

LOUNGING

An elegant series of coffee tables that, thanks to the variety of colours and materials, can complement different sofa types. The slightly tapered, slimline legs in powdercoated aluminium combine with a circular or rectangular tabletop and are available in different heights. This offers the opportunity to create enriching combinations with different colours and different organic materials such as teak, granite and lightened concrete.

 DESIGN BY MONICA ARMANI

The elegant Tao table collection is a lesson in perfectly balanced contrasts – bold sculptural pedestals and slim table tops that are pleasing to the touch. Designer Monica Armani has used refined lightened concrete to give a look of elegant solidity. The coffee table plays tricks with symmetry by setting the finely milled square table top off centre. The Tao tables come in natural linen and natural wengé tones to create striking centrepieces for any setting.

RELAXING

The Eclipse umbrella with wooden pole does not only provide you with a welcoming cool shade, but also creates a relaxing, warm atmosphere on your terrace. The pole and ribs are made of Eucalyptus wood, a tropical hardwood with a straight grain and hardly no knots. The fabrics are solution dyed Sunbrella outdoor fabrics. The umbrella is easy to operate with the double pulley system in electropolished stainless steel 316 and can withstand all weather conditions. Base in granite and protective cover available.

The Tairu side table mixes practicality with natural beauty. The base is formed from a sturdy, hollow wooden rectangle with inset handles so it can be moved around easily. What sets the Tairu apart is the top, made from glazed lava stone from the Vesuvius. It is available in four sophisticated shades, each with a very subtle craquelure finish. The colours are applied by hand, which makes every piece unique.
