VINCENT SHEPPARD

Indoor collection 2021

Finding comfort...

Vincent Sheppard has been designing and manufacturing indoor and outdoor furniture with exceptional seating comfort since 1992. The company is worldwide market leader in Lloyd Loom furniture, a technique where kraft paper is twisted around a metal wire and woven into unique furniture pieces.

By constantly challenging itself and its design aesthetics, Vincent Sheppard is able to present young, contemporary furniture collections that answer to all modern needs. We combine a clear focus on quality and comfort with craftsmanship and an age-old technique, and translate these ingredients into qualitative, durable and appealing designs. With a wide variety of indoor as well as outdoor pieces of high quality, Vincent Sheppard is a favourite of many interior aficionadas.

sharing moments...

Slow living.

It's a term which has increasingly been used the past couple of years.
In contrast to popular belief, slowing down is not about going slowly. It's about gaining time by doing the things which are the most important to us.
Like sharing beautiful moments together with friends or family. Like having a good laugh around the dinner table. Like curling up in a lounge chair with a good book.

Our aim is to help you create those beautiful memories with our furniture by your side.

SEEZEITLODGE

GONNESWEILER GERMANY

The Seezeitlodge has been designed by the Berlin design studio GRAFT. The thought behind the impressive building is to use the power of the unique natural location to remain undisturbed. They wanted to intensify the connection between the natural poles of tension on the property: between the forest and the lake, between a sense of being protected and freedom.
