

VINCENT SHEPPARD

OUTDOOR COLLECTION 2022

OUR PHILOSOPHY

We are convinced that shared moments outdoors are the ones which will last a lifetime. Be it playing with your children in the garden, spending a lovely afternoon on a cosy terrace, or relaxing by the pool on holiday. The hours and days spent under the open sky will be amongst your most precious memories.

Therefore, Vincent Sheppard created an outdoor collection to accommodate those moments of happiness. With a conscious mindset and passion for skilled craftsmanship, we aim to create timeless furniture which will enhance your outdoor space. Enabling you to put your own stamp on your environment by choosing for unique designs which are meant to last.

By combining Belgian design with the rich Indonesian weaving tradition, we are able to present beautiful outdoor pieces to be treasured now and forever. We offer an all-weather furniture collection, which can be left outside all year long, and a range of outdoor Lloyd Loom products which allows you to bring the distinct look of Lloyd Loom furniture outside. Made with care from Belgium to Indonesia and back.

To enjoy your moments.

The Vincent Sheppard team

LE CELTIQUE HÔTEL & SPA

CARNAC
FRANCE

Just a short stroll from Carnac's Grande Plage, which offers a splendid view over the islands of Houat and Belle-Île-en-Mer, you'll find Le Celtique & Spa, a top establishment in the seaside resort town since the 1920s when the town's first holidaymakers came.

The hotel currently comprises 53 rooms and suites, a restaurant, a bar, a heated indoor pool, a spa, and meeting rooms. All these spaces were the subject of a full and particularly careful restoration that started in spring 2020 and will soon be finished, aiming to bring the charm of this hotel so closely linked to the history of Carnac-Plage fully back to life.

The new decor brings together modernity and elegance in a subtle and enduringly attractive manner. The premises here blend in with the Art Deco spirit of the original building, which has been skilfully combined with maritime notes that help it embody the joy of the seaside.

VILLA FIORENTINA

MALTA

Villa Fiorentina is an impressive residential villa located in Malta. The building is an ode to high-end natural materials such as marble and travertine stone which complement our tactile woven furniture. Large windows submerge the rooms with light and create an open and inviting atmosphere. In the extensive garden, Safi sunloungers are placed alongside the large swimming pool which breathe timeless elegance.

LA MAGDELEINE

GÉMENOS
FRANCE

With a history which stretches back more than two centuries, the boutique hotel of La Magdeleine has long been an iconic building in Gémenos. Its old stones, which have been worn over the years and are covered by climbing plants which create a beautifully elegant effect, have witnessed the comings and goings of generations of local residents, including Marcel Pagnol...

Young and old alike have taken a stroll in the vast grounds, leaving their mark on the terracotta floor tiles, marble and parquet floors. Beautiful centuries-old plane trees, changing colours with the passing seasons, have sheltered countless visitors for a day.

Simple and elegant, the property is intertwined with the history of Gémenos, in this stunning spot in Provence.

TECHNICAL INFORMATION

MATERIALS
FABRICS

TEAK

Teak is a tropical hardwood which is known for its strength and durability. Our teak furniture is delivered untreated and will develop a beautiful silvery grey patina. Clean your table once a year with warm soapy water to discourage moss. If you wish to protect your furniture against stains, we recommend treating teak furniture with a teak sealant. As teak is a natural product, small cracks may develop over time.

ALUMINIUM

Aluminium is a light-weight material which is mainly used as an alternative for steel. Aluminium has a self-protective layer, which prevents corrosion and makes this material very suitable for outdoor applications. Our aluminium furniture is powder coated, which enables us to offer a wide variety of colours. On top of that, it is super easy to maintain. A quick wash with a non-foaming mild detergent every now and then is all it needs!

SYNTHETIC WEAVE

For our all-weather outdoor collection, we use multiple synthetic materials, including polyethylene, polypropylene, and HDPE wicker. All our synthetic materials are specifically designed to withstand any weather conditions, are UV-resistant, and can be left outside all year long. We recommend giving them a quick wash when dirty or every three months with a non-foaming mild detergent.

CERAMIC

Ceramic requires little to no maintenance, yet offers maximum resistance. The material preserves the natural look of stone and offers top of the chart convenience. Ceramic is scratchproof, UV-resistant, stainproof, and resistant to fire and high temperatures. Use pure water or a cleaning solution without soap for ceramic surfaces to clean the table. Please do not use soap.

OUTDOOR LOOM

Lloyd Loom weave is made from twisted Kraft paper on the one hand, and Kraft paper spun around a steel wire on the other hand. In order to be able to use Lloyd Loom for outside furniture as well, a specific technique was developed to make the material waterproof. Our outdoor Lloyd Loom models can thus simply be left outside, although we recommend storing them inside during cold or rainy periods.

OUTDOOR HPL

HPL or high-pressure laminate is a very sturdy material which consists of different layers which are pressed together under a high temperature. As a result, the material is very durable and UV-resistant. HPL is used for our table tops and can be used indoors as well as outdoors. The table tops do not require any maintenance except for a quick wash every now and then.

STEEL

Steel is mainly used for the legs and frames of our furniture pieces. For the outdoor pieces, the steel is always galvanized and powder coated to make sure it is protected from all weather influences.

RUGS

Vincent Sheppard outdoor rugs are made of polyester fibres. The high-performance rugs are dirt and water-repellent, and are thus easy to maintain. Use a high-pressure water hose to clean spots and blot dry afterwards.

CUSHIONS

From snuggling between soft pillows to enjoying a dinner party on a lovely dining chair with seat cushion. Comfortable cushions take your seating experience to the next level.

Vincent Sheppard uses high-quality materials and relies on advanced textile technologies to create its cushions. Our fabrics are water-repellent, breathable, and UV-proof. The cushion's cores consist of outdoor foam, enabling you to leave them outdoors during any weather condition. Still, we recommend storing your cushions for the winter or when not in use for long periods.

Nearly all our cushion covers are removable which makes them look brand-new after a wash. As every fabric has its own characteristics, different washing instructions apply.

100% POLYOLEFIN

- may be machine-washed at 40°C with extra care
- do not tumble dry
- may not be ironed
- may be treated with bleach
- do not dry clean

MIX OF MATERIALS

- may be machine-washed at 40°C with extra care
- do not tumble dry
- do not iron
- do not bleach
- do not dry clean

PROTECTIVE COVERS

In order to protect your furniture and keep maintenance minimal, we have developed special protective covers.

The covers are made of 100% polyurethane and have welded, not stitched seams.

Consequently, the covers are 100% waterproof.

OUR HISTORY

ESTABLISHMENT VINCENT SHEPPARD

In 1992, Belgian company Vincent Sheppard picks up the thread and establishes an import business of Lloyd Loom furniture. They manage to breathe new life into the traditional technique and develop an attractive and modern furniture collection. The success is immense.

1992

1995

1917

INVENTION OF LLOYD LOOM

American entrepreneur Marshall Burns Lloyd invents an entirely new paper weave, which he calls 'Lloyd loom'. The technique consists of twisting Kraft paper around a steel wire on a loom.

PRODUCTION PLANT IN INDONESIA

Vincent Sheppard builds its own factory in Cirebon, Indonesia, an area famous for its tradition in weaving techniques and rattan bending. By setting up a production facility, Vincent Sheppard becomes one of the very few vertically integrated Lloyd Loom manufacturers.

TODAY

Today, Vincent Sheppard is a thriving, healthy company with a clear focus on the future. We build on our strong history and invaluable expertise to keep on offering unique and timeless designs that will last a lifetime. Our brand stands for exceptional seating comfort, high quality, and durable materials. Next to the famous Lloyd Loom weave, we also make use of other materials such as rattan, oak, beech and teak wood, along with steel and aluminium, which fit with our DNA of craftsmanship, quality and distinctive design.

FSC CERTIFIED

Vincent Sheppard is certified by the Forest Stewardship Council, a symbol of environmental, social and economic sustainability in 2013. A great reward for our efforts in creating stylish and eco-friendly furniture with respect for nature and men.

OUTDOOR FURNITURE

In 2014, Vincent Sheppard launches its new brand Vincent's garden. As the demand for qualitative and durable outdoor furniture increases, Vincent Sheppard decides to translate its iconic designs into materials that withstand all weather conditions.
