organic living

INDOOR 2025

INTRO

GOMMAIRE - Organic Living is a Belgian brand that brings you a vast collection of interior and exterior furniture, as well as a wide array of decorative items.

From authentic and reclaimed wood tables and chairs to first-rate upholstered sofas, lounge sets, matching decorative items and more: our brand has all the right ingredients to make a house into a home.

Each year new designs are added to the collection, always renewing and improving while remaining true to the element of timelessness and durability. That is why each of our organic and unique pieces will provide you with a lifetime of enjoyment in a highly qualitative and exclusive setting.

Almost everything in our collections has been conceived and created by our own designers, including CEO Laurent De Greef. The innovative, nature-inspired designs by their hand and the traditional techniques that are used to make them come to life, merge into the masterful result that is GOMMAIRE.

Browse through this catalogue, be visually indulged and discover our brand for yourself.

OUR STORY

GOMMAIRE - Organic Living started off with the dream of seeing a Belgian line of furniture come to life. In January 2015, every effort was made to see it come true. Today our brand has surpassed even our wildest dreams: from a small Belgian furniture brand with big aspirations to an established player in the international interior and exterior market. And we are working hard to continue growing, so our furniture can be enjoyed across the globe.

With our furniture and decoration design, we aim to tell a story. A story in which timeless, unique and qualitative enjoyment is the common thread. In which nature plays its role as protagonist with fervour, as it is preserved in the shapes and materials of our designs. And in which the individual pieces of furniture, like separate story lines, come together to form a strong, organic overall concept.

The tellers of that story are the people who have shaped GOMMAIRE and continue to do so to this day. From management to employees to everyone who markets the brand and its products: we are passionate about our trade, committed to continuously improve and willing to go the extra mile for our customers.

GOMMAIRE is more than furniture. It is an experience. It is a beautiful contrast between creative innovation and traditional craftsmanship. It is enjoying life in a sustainable, timeless and exclusive atmosphere.

OUR PEOPLE

Our home based Belgian team is reinforced by skilled artisans who expertly and passionately bring our designs to life, using the local traditions and natural resources of India, Indonesia, Morocco and Portugal. It is their masterful craftsmanship that inserts artisanal charm and authenticity into our collections.

GOMMAIRE runs on drive, professionalism and most of all teamwork. It is the minds of our inhouse designers that conceive innovative organic creations. It is the hands of our experienced craftsmen that capture the essence of nature's beauty in these designs. And it is the passion of our entire team that convinces people all over the world to hear our story, to experience our pieces, to live our brand.

All of us together work hard to keep improving all aspects of our brand experience. Innovation is central to our approach. That includes new and improved materials or finishes, distinctive designs, expansions in our product categories and adjustments to our work process. All to be able to provide enjoyment to the most important person in our narrative: you, our customer.

THE GOMMAIRE INDOOR COLLECTION

Teak, oak and reclaimed wood effortlessly blend together with high-quality fabrics into an exquisite celebration of timeless interior design. Featuring organic lines and natural textures, our indoor furniture captures nature's essence and brings it indoors for you to enjoy.

From handcrafted tables, chairs and cabinets that will help you host delicious dinners to upholstered sofas and pouffes to cosy up in with family and friends: with the indoor collection of GOMMAIRE, it is without difficulty to construct a warm and unique interior that can be lived in to the fullest.

Choose from stylish dark fume and anthracite teak or warm grey, brown and original aged patine hues, each piece showcasing the distinct character of the material. Our oak designs, now finished with a new matte European-developed protective coating, offer a true organic look. Characterised by a flat, non-glossy appearance, it leaves a seemingly untreated finish, yet provides enhanced durability, easy maintenance, and an enhanced tactile experience.

Our passion for seating comfort is reflected in our upholstered sofas, chairs and cushions. To ensure the highest possible quality and find the right fit for every GOMMAIRE design, we handpick all fabrics ourselves, all locally manufactured in Europe. Discover the current fabric selection from page 106 onwards.

Some of our newcomers showcase nature's finest material: the natural roughness of teak Console Storm, the intricate pattern in the oak tabletop of the Day coffee and dining tables or the organic beauty of the reclaimed wood of Cabinet and Wardrobe Alamanis. Seating experience is exceptional in the renewed versions of Chair Jerry on Wheels, new designs in the Jules collection and brand-new additions like the Liam easy chairs and ottomans or Damian sofas. More novelties can be found throughout the catalogue.

Experience our indoor collection on the following pages. Be inspired by the carefully selected settings and discover more details about the indoor designs in the technical specifications section, starting from page 112. Maintenance advice can be found from page 152 onwards.

LIVING AREA

The living area is a sanctuary for relaxation, a space to savour peaceful mornings, unhurried days, and inviting evenings. Comfort and elegance form the foundation of this essential haven.

At the heart of any living space is a sofa that combines elegance with exceptional comfort. This is where our passion lies: crafting designs that marry refined aesthetics, unparalleled seating comfort, and top-quality fabrics. Our seating collection includes luxurious upholstered sofas, pouffes, armchairs, and deco cushions, all designed to elevate your home and provide you with pure enjoyment. Most of these designs offer a variety of upholstery options. Refer to the fabric codes in the technical specifications section (p. 112) and explore the fabric selection (p. 106) to discover your preferred choices.

The latest additions, like the Damian sofas, Easy Chair Liam with Swivel, matching Ottoman Liam, Club Jules with Swivel Full Upholstered and Sofa Jules offer fresh, slightly more modern designs and stunning fabrics of exceptional quality, specially selected for these collections. All designs are a delicate balance between comfort and style.

Complete your living area with coffee tables, cabinets, and consoles made from nature's finest material: wood. Choose from stylish anthracite or fume finishes, or go for warmer oak tones, authentic brown, or original aged finishes. The unique textures and colours of these materials ensure each piece is distinctive and full of character.

Our new Day coffee tables have a distinctive oak tabletop divided into thirds, resulting in a beautiful major arc design. The successful Samba collection expanded with a sturdy limited XL and XXL version, while Coffee Table Rowan in various sizes offers round shapes with a similar sturdy look, providing a sleek yet timeless design.

Find inspiration in the living room settings on the following pages. All technical specifications, fabric customisation options and maintenance advice can be found at the end of the catalogue.

DINING AREA

Some of life's most treasured memories are made around the dinner table, surrounded by family and friends. From festive holiday gatherings to casual lunches, hearty dinners, or spirited game nights, the table is the centrepiece of these shared experiences.

Our collection offers an extensive range of tables, chairs, stools, cabinets, and accessories, providing endless possibilities to create your perfect dining experience. Mix and match designs in a variety of textures, colours, and materials such as natural, original aged, anthracite, or fume teak, oak, rattan, and fabrics to craft a space that delights the senses.

Striking new addition Round Table Day is a beautiful circular dining table featuring a table top with a remarkable major arc design in oak and uniquely shaped table legs. Beautiful when placed around this table, Chair Liam complements any interior with its innovative design and neutral, earthy tones. For a cohesive look, it can easily be combined with Easy Chair Liam to create a seamless and inviting indoor space. Adding versatility to the collection, fully upholstered Chair Jerry on Wheels is now available in a range of specially selected fabrics in soft, natural colours to match any interior. Both chairs offer a sublime seating experience with their cushioned seat and back, as well as demure elegance in their designs.

Let your spark for interior design be ignited by the dining settings on the following pages. Detailed technical specifications, fabric customisation options and maintenance advice can be found at the end of the catalogue.

ACCESSORIES

Decoration is the soul of interior design, bringing warmth and personality to your living spaces. Our thoughtfully curated indoor accessories - including consoles, shelves, stools, deco cushions, and rugs - offer countless ways to create a tranquil and inviting atmosphere.

Our indoor rugs, constructed out of jute or wool of superior quality in a multitude of stunning, neutral colours, will add a final touch of warmth to your living room. Each rug is specially designed to match our other indoor items and will provide a natural finish to your settings.

Incorporating materials such as wood, teak root and stone introduces striking textures and an organic touch, while our fabrics bring contrasting softness and luxurious comfort. Together, these elements create a perfectly balanced space that invites you to unwind and enjoy life to the fullest.

New in our console and side table range are two designs made out of reclaimed wood in original aged patine. Storm Console features a unique design with edges cut using a chainsaw, which gives it an organic and rough look and feel. The Zeno consoles and side tables, available in various sizes, bring a simple yet elegant touch and can be topped off by Stone Top Zeno, crafted from natural lava stone to perfectly fit the console and add extra organic allure. As an ultimate embodiment of nature, the extended Ruby collection is crafted from teak root, resulting in completely unique pieces as the designs showcase the beautiful natural inner structure of the material.

Let the decorative settings on the following pages visually indulge and inspire you. All technical specifications, fabric customisation options and maintenance advice can be found at the end of the catalogue.

Wooden consoles, benches, stools and coffee tables with their sleek lines and organic appeal can form focal points of both elegance and utility. The versatile pieces blend form and function, making them ideal companions for both contemporary and traditional interior settings.

FABRIC SELECTION

The vast majority of GOMMAIRE fabrics are designed and made in Europe, always with the highest quality in mind. Only the best yarn with a natural, luxurious feel is used and expertly woven into unique patterns that fit our designs perfectly.

We offer an extensive collection of fabrics to complement our furniture in the best possible manner. Especially regarding our indoor collection of upholstery and deco cushions, there is plenty to choose from.

For an optimal lifespan, our most recent selection of fabrics are strengthened with a FibreGuard treatment, resulting in a long lasting look and feel and ensuring low maintenance requirements. This makes them especially suitable for hospitality purposes.

A wide range of indoor fabrics is available in various price categories. Please consult the following pages for our current fabric range. The technical specifications in the next section reveal which fabric categories are applicable to which designs.

TECHNICAL SPECIFICATIONS

On the following pages, you will find the complete indoor collection, including all technical details.

The length, width, height and/or inner diameter of each design are specified. That way, you can see whether a piece has the desired dimensions to fulfil the intended purpose. This section also lists the materials the items are made of and the colour or finish that was used. Since most of our items are handmade, dimensions and colours may vary slightly from those indicated due to the artisanal manufacturing process.

Lastly, you can use the designated codes and fabric overview in the previous section to see what options you have in terms of cushion covers.

Should you have any additional questions, please do not hesitate to contact your local GOMMAIRE retailer or our Customer Service Department.

CARE & USE

We believe in the beauty of nature and the wonderful effect the passage of time has on our collection. Yet some regular maintenance of your furniture and decorative items is recommended.

Our Care & Use manual offers you useful information on how to keep your GOMMAIRE products in optimal condition. You can find the manual on the following pages or on our website, where videos clarify the instructions further. Use the QR code below to access the designated page or go directly to gommaire.com/care-and-use.

Should you have additional questions, please contact your local GOMMAIRE retailer or our Customer Service Department.

INDOOR WOOD COLLECTION

The GOMMAIRE indoor wood collection is made of teak wood, teak root structures and oak. The typical inhouse developed patina colours, such as authentic brown, original aged patine, anthracite and fume are signature GOMMAIRE finishes, which are applied by hand in the production. The wood has not been treated to prevent staining, colour changes and weathering. The following information will help you understand, maintain, and protect your furniture.

Our pieces are meticulously handcrafted from solid wood, showcasing subtle variations and imperfections that enhance their distinctive beauty and uniqueness. This natural material possesses inherent characteristics and variations in structure and colour that may evolve over time, particularly when exposed to daylight. The wood is sensitive to significant fluctuations in humidity and temperature, potentially leading to the emergence of cracks, fissures, and wood bendings. Nevertheless, these natural changes are not only welcomed but also harmonise seamlessly with the core philosophy of Gommaire. Please consider that if your furniture is placed directly behind a window, it could heat up and cracks could appear more easily. To help the table from drying out, you can use a damp cloth occasionally to bring moisture back into the table.

When moving the wooden furniture around, make sure to always lift and never slide it to prevent breakage. Furniture should always be placed on a flat surface. In situations where achieving a perfectly level surface is not feasible, our tables and side tables come equipped with adjustable furniture levellers.

GENERAL MAINTENANCE

After unpacking your furniture piece, use a damp cloth to remove dust and any white residue left by the packaging and overseas transport. The wooden surface of our teak wood and oak can be cleaned with water and natural soap at any given time. Always make sure to treat the entire surface, local treatments will always remain visible.

For all wooden indoor furniture with an oak or natural brown finish, you can also use the G-SPOTSTOP, G-PROTECTOR and BLACK WOOD OIL for spot removal and added protection.

TEAK PROTECTOR

G-PROTECTOR is a water-based teak protector that helps shield the surface of our natural teak against water-based stains. You can also use it on our oak furniture pieces.

G-SPOTSTOP

For more stubborn stains we offer G-SPOTSTOP, a specialised stain remover designed to gently and effectively eliminate spots from wooden furniture. However, it remains important to remove them as soon as possible for optimal effectiveness.

BLACK WOOD OIL

Our BLACK WOOD OIL is a water-based treatment for indoor wooden furniture, providing a protective layer against stains, greying, and general deterioration while offering water and dirt resistance.

INDOOR FABRICS

The GOMMAIRE collection showcases top-tier indoor fabrics renowned for their exceptional quality. The vast majority of the fabrics is of European origin. The following information will help you understand, maintain, and protect your indoor fabrics.

ABOUT THE FABRICS

Our indoor fabrics are carefully chosen for upholstered furniture and deco cushions, ensuring the highest quality. Most of the fabrics are expertly handcrafted in Europe, ensuring exceptional attention to detail and an unparalleled level of artistry. From 100% natural fibres to premium synthetic blends, our collection offers diverse materials to cater to your unique preferences.

For an optimal lifespan, our most recent selection of fabrics are strengthened with a FibreGuard treatment, resulting in a long lasting look and feel and ensuring low maintenance requirements. This makes them especially suitable for hospitality purposes.

To ensure the longevity and pristine condition of both the fabrics and furniture pieces, we recommend specialised furniture cleaning services, like dry cleaning.

GENERAL TERMS & CONDITIONS OF GOMMAIRE NV

Article 1

The general terms and conditions of Gommaire NV always take precedence over those of the customer, and constitute an integral part of the agreement, even if the order and/or general terms and conditions of the customer would state otherwise. The general terms and conditions of the customer are not enforceable against Gommaire NV, regardless of their designation and/or whether they (later) appear on order forms, order confirmations or other documents of the customer.

Article 2

2.1 Placing an order is always an unilateral offer to contract on the part of the customer, even if this order is in response to an offer by Gommaire NV and/or is indicated on an order form (PO) of Gommaire NV and/or signed by an employee or representative (agent) of Gommaire NV. Orders as well as any other obligations recorded/entered into by its agents, representatives and/or employees shall only be deemed accepted by Gommaire NV after written confirmation of acceptance (signature) by the management of Gommaire NV, which is not required to justify a possible refusal.

2.2 Photographs, drawings, illustrations, dimensions, samples (among others of colours, materials), technical specifications, and the like are provided by Gommaire NV for information purposes only and are approximate indications for which Gommaire NV is liable only if it did not take all reasonable care due to serious or deliberate error.

Article 3

3.1 The delivery dates specified on offers, (final) order confirmations/acceptances and other documents of Gommaire NV are only indicative and not strictly applicable. The customer may in no circumstances invoke non-compliance with stated deadlines to claim damages or dissolution of the agreement, unless the lateness is exclusively the result of gross negligence or wilful misconduct on the part of Gommaire NV.

3.2 The goods are delivered ex warehouse, with the risk transferring to the customer as soon as they leave the warehouse, even if Gommaire NV handles transportation and/or insurance (on behalf of the customer).

3.3 The customer commits himself with respect to the goods purchased from Gommaire NV :

- (I) that he will not advertise and/or commercialize the same via online platforms as Amazon.com, Bol.com (not limitative examples).
- (II) that he will only advertise the same on his own website with the agreement of Gommaire NV and in compliance with the directives of the latter, which may from time to time be adapted with prior notice.
- (III) that he will never commercialize the same via his own website.

Article 4

The customer acknowledges that Gommaire NV is the exclusive owner of all copyrights, creations and/or any other intellectual property rights related to the delivered goods, materials and services.

Article 5

5.1 All invoices issued by Gommaire NV are payable in cash unless different payment terms are accepted by Gommaire NV. In any case, all invoices issued by Gommaire NV must be paid in full before delivery/pick-up.

5.2 Payments shall be made to Gommaire NV at Antwerp (B). Any amount that is not paid to Gommaire NV in a timely manner will by operation of law and without prior notice be increased by fixed irreducible damage compensation equal to 10% of the outstanding amount, as well as by default interest equal to the interest rate foreseen in the Act of 2 August 2002 on combating late payments in commercial transactions calculated on the amount owed.

5.3 The late payment of one amount to Gommaire NV shall by operation of law and without notice result in all outstanding, not yet payable amounts owed by the customer in question becoming immediately due and payable in full, and Gommaire NV, without being obliged to pay any damage compensation, shall have the right to suspend further delivery and/or production for the customer in question until the latter has settled all outstanding amounts, and pending orders have been paid in advance.

5.4 In addition, in the case of late payment, Gommaire NV has by operation of law the right to dissolve the agreement without prior notice at the expense of the customer. This dissolution takes place by notification by registered letter. The dissolution takes effect on the date indicated on the proof of posting of the registered letter.

5.5 In the case of dissolution of an agreement by Gommaire NV at the expense of the customer, or in the case of unilateral breach of an agreement

by the customer before the delivery of the goods, materials and/or services in question, the customer shall automatically and without prior notice owe Gommaire NV a fixed damage compensation of 50% of the agreed price, without prejudice to the right of Gommaire NV to demonstrate and claim greater compensation. After delivery, this damage compensation amounts to 100% of the agreed price, without prejudice to the right of Gommaire NV to demonstrate and claim greater compensation. The parties agree that the above damage compensation constitutes the actual minimum damage suffered by Gommaire NV.

Article 6

Any dispute concerning an invoice sent, must be notified to Gommaire NV by registered mail within eight days after the invoice date, under penalty of forfeiture.

Article 7

7.1 Verification of (i) the conformity of the delivered goods, materials and/or services with respect to quantity, quality, characteristics, etc. , as well as (ii) inspection for apparent/visible defects in the delivered goods, materials and/or services shall take place at the time of the pick-up/delivery/performance. The corresponding complaints must, under penalty of forfeiture, be expressly stated on the pick-up slip/packing slip/service order and subsequently confirmed by registered letter to Gommaire NV within 24 hours after pick-up/delivery/performance. The partial use or resale of the delivered goods or services also implies acceptance of the entirety. Defects in a part thereof do not entitle the customer to reject the entire order.

7.2 Each complaint relating to a non-apparent defect must, under penalty of forfeiture, be sent to Gommaire NV by registered mail within eight days after discovery, and no later than one year from the pick-up/delivery/performance.

7.3 Within the usual tolerance limits for the sector, deviations in colour, materials, grain, dimensions, look, and the like [including those that are due to natural (raw) materials and/or modified production techniques on the part of the manufacturer] are allowed and shall not constitute grounds for (partial) refusal of the delivery, nor constitute grounds to claim damages and/or (partial) non-payment of the price.

7.4 If a complaint is substantiated, Gommaire NV – at its option – shall resolve the complaint by repair and/or replacement of the non-conforming part of the delivery, unless the end customer opts for a corresponding price reduction after return of the non-compliant part. Filing a complaint for any reason, even using the prescribed forms and within the prescribed deadlines, does not relieve the customer of its obligation to promptly pay by the due date. Except for its warranty obligations indicated above, Gommaire NV is not liable for direct and/or indirect damage (including loss of profit) resulting from defects in the goods sold and/or the services provided, except in cases of serious or deliberate error on its part.

Article 8

The delivered goods, materials and services remain by operation of law fully owned by Gommaire NV until receipt by the latter of the full price of the goods, materials and services, eventually increased with any applicable interest, damage compensation and costs. As long as Gommaire NV retains ownership, the delivered goods, materials and services may never be used by the customer as a pledge or deposit for a claim of a third party.

Article 9

If the customer suffers loss or damage as a result of an error by Gommaire NV for which its liability is not excluded, the latter shall be obliged to pay compensation in the amount of the invoice in question.

Article 10

The possible invalidity of one or more provisions of these terms and conditions shall not affect the validity of the agreement, these general terms and conditions as such, or the other clauses contained therein. The parties undertake to immediately replace in good faith any invalid clause by another clause that is as close as possible to the intention of the clause being replaced.

Article 11

In case of dispute, only the justice of the peace and courts of the registered office of Gommaire NV have jurisdiction. Only Belgian law is applicable to the agreements and disputes between the parties, with exception/exclusion of Belgian international private law . The application of the Vienna Convention on contracts for the international sale of goods is also explicitly excluded.
