GERVASONI

1882

(I) Comfort e versatilità sono le parole chiave che definiscono Ghost, collezione di sedute comode e avvolgenti proprio come i loro rivestimenti. Il nome della collezione si ispira alla versione in bianco che, grazie al tessuto che cade morbido, riporta all'immaginario comune sui fantasmi. L'ampia collezione di sedute Ghost si sviluppa attorno ad una leggera scocca dai volumi essenziali che contiene soffici cuscini. Caratteristica principale è il rivestimento: una housse oversize il cui profilo è sottolineato dalle cuciture a vista. Divani, poltrone, pouf, sedie e letti si svestono e rivestono in un baleno, come un cambio d'abito, assumendo un'immagine ogni volta diversa, semplice o sofisticata, a seconda della personalità di chi li sceglie e li vive.

(E) Comfort and versatility are the keywords that define Ghost, a collection of seats that are as comfortable and enveloping as their upholstery. The collection is named after its white version which thanks to the soft falling fabric, brings to mind the common imagination of ghosts. The wide Ghost seats collection is developed around a light body with essential volumes that contains soft cushions. The main feature is the upholstery: an oversized cover whose profile is underlined by the visible stitching. Sofas, armchairs, ottomans, chairs and beds are undressed and dressed in a flash, like a change of clothes, taking on a different image each time, simple or sophisticated, depending on the personality of those who choose and live them.

(F) Confort et polyvalence sont les mots clés qui définissent Ghost, la collection d'assises, à la fois confortables et enveloppantes, à l'image de leurs revêtements. Le nom de la collection s'inspire de la version blanche qui, à travers son tissu doux et tombant, rappelle un fantôme dans l'imaginaire collectif. La vaste collection d'assises Ghost se développe autour d'une coque légère, aux volumes essentiels qui renferme des coussins moelleux. La caractéristique principale est le revêtement: une housse oversize dont le profil est rehaussé par des surpiqures apparentes. Canapés, fauteuils, poufs, chaises et lits se déshabillent et se rhabillent en un clin d'œil, tel un vêtement de rechange, en prenant à chaque fois une image différente, simple ou sophistiquée, selon la personnalité de ceux qui les choisissent et les vivent.

(D) Komfort und Vielseitigkeit sind die Schlüsselwörter für Ghost, eine Kollektion von Sitzgelegenheiten, die genauso bequem und umhüllend wie ihre Bezüge sind. Die Kollektion ist nach ihrer weißen Version benannt, die dank des weich fallenden Stoffes die gängige Vorstellung von Gespenstern wieder aufleben lässt. Die umfangreiche Sitzkollektion Ghost entwickelt sich um eine leichte Schale, in deren wesentlichen Volumen weiche Kissen eingebettet sind. Das Hauptmerkmal ist der Bezug: eine überdimensionale Housse, deren Profil durch eine Sichtnaht betont wird. Sofas, Sessel, Sitzhocker, Stühle und Betten lassen sich wie bei einem Kleiderwechsel blitzschnell an- und ausziehen und nehmen jedes Mal ein anderes Erscheinungsbild an, mal einfach oder edel, ganz nach der Persönlichkeit derer, die sie auswählen und erleben.

Ghost Technical Info

Elements Details

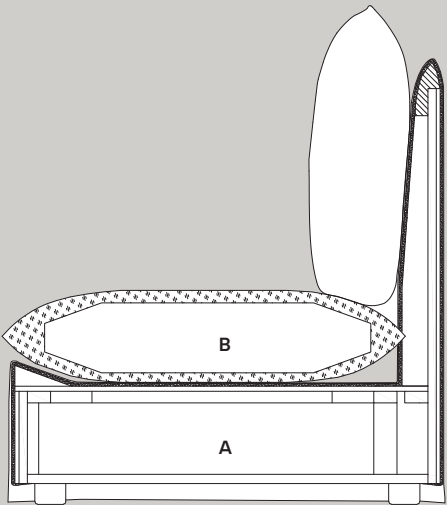

I. Un progetto tessile non convenzionale, le sedute Ghost sono comode e avvolgenti proprio come i loro rivestimenti. Una famiglia di imbottiti – divani, poltrone, pouf, sedie e letti - che si sveste e si riveste in un baleno assumendo un aspetto sempre diverso in base al tessuto scelto.

E. An unconventional textile project, Ghost seats are as comfortable and enveloping as their covers. A family of upholstered items - sofas, armchairs, ottomans, chairs and beds - that can be undressed and reupholstered in a flash, taking on an ever-changing appearance depending on the fabric chosen.

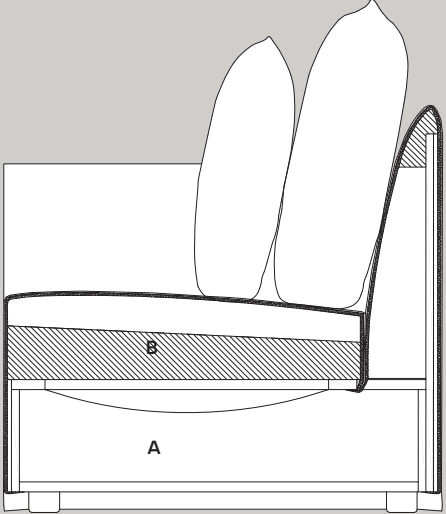

F. Projet textile non conventionnel, les sièges Ghost sont aussi confortables et enveloppants que leurs housses. Une famille d'objets rembourrés - canapés, fauteuils, poufs, chaises et lits - qui peuvent être déshabillés et rhabillés en un clin d'œil, prenant un aspect toujours différent selon le tissu choisi.

D. Ein unkonventionelles Textilprojekt, die Ghost-Sitzelemente sind bequem und gemütlich genauso wie deren Hussen. Eine Polsterfamilie, Sofas, Sessel, Poufs, Stühle und Betten, die sich in einem Blitz umziehen lassen, und neu gepolstert werden können, indem sie je nach gewähltem Stoff ein wechselndes Aussehen erhalten.

Section Detail

Section Detail

A → Struttura / Structure/
Structure/ Gestell

I. La struttura interna della seduta e dello schienale è realizzata in multistrati e masselli di abete. L'imbottitura della seduta appoggia su cinghie elastiche ad alta resistenza al fine di migliorarne il comfort e la stabilità.

E. The inside structure of both the back and seat, is in solid and multilayered fir wood. The seat upholstery rests on hard-wearing elastic belts which improve comfort and stability.

F. La structure interne de l'assise et du dossier est réalisée en multiplis et en bois massif de sapin. Le rembourrage de l'assise se pose sur des sangles élastiques à haute résistance afin d'améliorer ultérieurement le confort et la stabilité.

D. Das Sitz- und Rückengestell besteht aus Multischicht- und Massivtannenholz. Robuste, elastische Riemen unter der Sitzpolsterung sorgen für mehr Komfort und Stabilität.

B → Imbottitura/ Upholstery/
Garnissage/ Füllung

I. Le parti imbottite sono realizzate in poliuretano espanso. La seduta è composta da due strati: uno più portante nella parte inferiore e uno più morbido sopra al fine di migliorare il comfort, la sofficità e la resistenza. I cuscini volanti dello schienale sono realizzati in misto piuma.

E. The upholstery is made of polyurethane foam. The seat is formed by two layers: a more structural one on the bottom and a softer one on top, in order to improve comfort, softness and durability. Back loose cushions in dacron and down.

F. Les parties rembourrées sont réalisées en polyuréthane expansé. L'assise est composée par deux couches : un support dans le côté inférieur et l'autre plus souple dessus pour améliorer le confort, la souplesse et la résistance. Les coussins du dossier sont en dacron et plume.

D. Die Polsterung besthet aus PU-Schaum. Der Sitz besteht aus zwei Schichten: einer tragenden im unteren Teil und einer weicheren darauf, um Komfort, Weichheit und Langlebigkeit zu verbessern. Die Wurfkissen sind mit Polyurethan und Daunen gefüllt.

→ Rivestimento/ Cover/
Revêtement/ Bezug

I. Il rivestimento della struttura, della seduta e dei cuscini di schienale è facilente e completamente sfoderabile in tutte le versioni per garantire una pulizia facile e frequente. Il profilo di divani e poltrone è sottolineato dalla caratteristica taglia /cuci che, come un tratto leggero disegnato a mano libera, segue le geometrie essenziali e le linee morbide della collezione.

E. Structure, seat and backrest cushion covers are completely and easily removable in all versions, to guarantee easy and frequent cleaning of the covers. The sofas' and armchairs' silhouette is enhanced by the characteristic overlock finish that follows the smooth lines like a freehand drawn stroke.

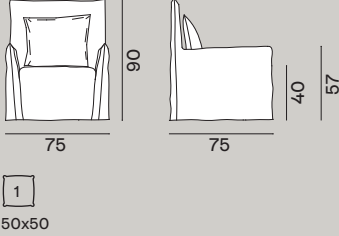

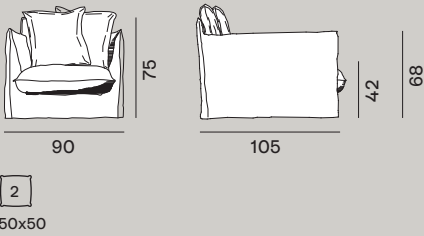

F. Les housses des coussins de l'assise et du dossier sont complètement et facilement déhoussables dans toutes les versions pour permettre un lavage aisé et fréquent du tissu. La silhouette des canapés est soulignée par le point de surjet qui suit les les contours principaux et les lignes douces de la collection.

D. Gestell, Sitzkissen und Rückenkissen sind in allen Versionen komplett abziehbar, was eine einfache und häufige Reinigung der Bezüge garantiert. Das Profil der Sofas und Sessel wird durch die charakteristische Overlocknaht unterstichen, die den essenziellen geometrischen Formen und weichen Linien der Kollektion wie ein leichter, freihändig gezeichneter Strich folgt.
